# President's Message

Happy New Year, Happy Easter, Happy Pride — etc., etc., etc....but this month? Happy West Coast Meet!! Our annual trek to the Central Coast to cavort with members of Great Autos of Yesteryear for 4 days of cars and comedy (and bad drag).

I look forward to this event every year for one BIG reason— reconnecting with friends that we seem to only see at this specific event. Sure, the cars are spectacular, the decorations festive, the drive tour exciting (sometimes too exciting!), but it is really all about the concept of getting away from our daily lives for a few days and connecting with old friends and meeting new ones.

Todd and I have never missed this event for the entire 18 years we have been members and plan to continue to come back year after year after year. We hope to see you there!

Motor on!!

*Scott Mikkelsen*

# Join the Caravan to the West Coast Meet!

— by Clint Moore

Are you a little nervous about how your car will perform on the trip down to Atascadero? Picture the scene: you're stranded on a lonely stretch of 101, wind whipping the eucalyptus trees. Steam billows out from under the hood, and feelings of anxiety and fear envelope you. A lone wolf cries in the distance....

I know, I know, so you get out your cell phone and call AAA. But wouldn't it be a little comforting to have some friends there to help you out? Join the caravan to West Coast!

Meet at Clint Moore's house on Thursday morning, July 11 for coffee and pastries before we set off for our weekend adventure. We will plan to be on the road south at 10am, stop for lunch in King City, and arrive at SpringHill Suites in time to unpack your trench coat and fedora before cocktail hour!

Please RSVP so we don't leave anyone behind!

## *First Tour of Summer – the Western Railway Museum in Rio Vista*

– by Marty Hanson

Summer has arrived! Over 50 Freewheelers gathered in Rio Vista and braved the 90-degree heat for the Western Railway Museum Tour and lunch!

The Western Railway Museum was established to preserve the regional heritage of electric railway transportation as a living resource for future generations. Their mission is to promote the study of electric railways, their physical equipment, properties and operations in northern California and the West and to procure, preserve and maintain historic electric railway equipment, materials and property.

Coffee, pastries and tire-kicking commenced around 10 a.m. as folks gathered in the museum parking lot – plenty of parking for all. With a lot of beautiful classics, some drivers opted for their more modern, air-conditioned vehicles. Some first-on-tours included Mark Halesworth's lovely 1968 Oldsmobile Toronado Coupe, and Cliff Travis' and Mark Hansen's super-clean 1968 Chevrolet C20 CST Pickup.

Event Coordinator Bill Hall and President Scott Mikkelson the gathered people together to outline the days' events and to remind members of the value of participating in club activities, including the upcoming West Coast Meet in July. Scott then held a raffle for a miniature diecast that went to Freewheeler Tom Lugar, before directing us all into the museum.

Blissfully cool, attendees browsed the artwork and displays in the lobby as well as the gift shop before heading to the large warehouse where a collection of vintage railcars are stored. Our docent-led tour in the warehouse (which was also nice and cool inside) was facilitated by "Bob" and included a history of the cars in the collection as well as of the museum itself.

The warehouse tour also included a walk-through of a double Pullman rail car...one car being a Club Car with comfortable seating for cocktails, smoking, and conversation; the other being a half-sleeper/half dining car with miniature kitchen. Bob provided lot of interesting stories and trivia about the cars...both of which have remained in original condition since the 1940s; procured by one of the members of the museum's board of directors.

After our tour of the collection, we enjoyed a 40-minute ride on one of the vintage electric railcars on the premises, affording us a vista-vision view of the valley as well as the adjacent immense and amazing California Wind Turbine Farm. Our entertaining tour guide on the electric railcar kept us up to date on our surroundings as well as its history.

Upon return to the museum, we disembarked and headed back toward the main building for box lunches and beverages...benches and picnic tables were available in shady spots to keep us out of the heat. After lunch and an event-filled day, Freewheelers began heading out. Many thanks go to Bill Hall and Scott Mikkelsen for arranging the tour and lunch; and thanks to our museum docents for the fun and interesting tour.

We hope those of you who attended enjoyed the event and may perhaps consider hosting an event of your own! We're always looking for new venues and event hosts...contact any board member if you'd like to consider putting a future car club event together.

## CLASSIFIED

**FOR SALE: 1962 Mercedes 220seb Coupe.** I believe that this coupe has just less than 200,000 original miles. This car does not have issues. Engine runs strong and drives well. I take this out on all roads including the freeway and it drives as it should. No rust and great older repaint. I had the leather seat covers replaced a few years ago. Someone had the wood refinished before I bought the car and it is really nice. Chrome is nice but bumpers have a few dings and some of the chrome has pits or imperfections. This is an extremely nice example of the car with the manual sunroof and four on the floor manual shift. I have owned this car for about five years and just do not drive it enough to keep the car. This car has been well maintained. It is an old car and being sold as is with no warranty. \$30,000 – contact Bill Hart at 415-519-1113, [Bill@CommercialMarin.com](mailto:Bill@CommercialMarin.com) (2).
